

CAMHS **Emergency** Telehealth Service (ETS)

Supporting health professionals and young people

Are you a health professional in need of **urgent** specialist child and adolescent **mental health** advice?

Do you have a young person in crisis needing **urgent mental health** support?

Are you thinking about suggesting that a young person attends an Emergency Department?

Do you suspect that a young person may need an **urgent mental health** assessment?

CAMHS ETS can...

...provide telephone consultation, advice and support to health professionals

...provide tele-mental health support and safety planning to a young person in a community setting

...complete a telehealth assessment for a young person as an alternative to presenting to an Emergency Department

Call 1800 048 636

CAMHS ETS provides telehealth assessments to young people in the metropolitan area

For further information visit cahs.health.wa.gov.au/CAMHS-ETS

For a telehealth assessment you will need a computer or phone with microphone and camera, reliable internet connection and latest version of web browser where possible

Healthy kids, healthy communities
